ILA Startup Day – Participating Startups

Startup Zone in Hall 6 – ISC International Suppliers Center, Berlin ExpoCenter Airport

Company name	URL	Teaser
ArtiMinds Robotics GmbH	artiminds.com	ArtiMinds Robotics GmbH works in the field of robotic manipulation, specializing in extremely fast and intuitive generation of complex, sensor-adaptive motion programs for robot arms, grippers and tools.
AVIPEO	avipeo.com	AVIPEO is the first social networking app for aviation professionals to share professional knowledge and skills with aviation experts and make new business contacts on the spot.
BJS Ceramics GmbH	bjsceramics.com	BJS specializes in the development, production, and marketing of high-performance ceramic fibers and composites for use in high-temperature and corrosive environments.
CargoSteps GmbH & Co. KG	cargosteps.com	CargoSteps is global track and trace software that optimizes processes in logistics and the supply chain of the manufacturing industry.
Cevotec GmbH	cevotec.com	Cevotec brings additive manufacturing and Industry 4.0 to the composite world by offering carbon composite production equipment and software that work with patch laminates.
DocRAID zero-knowledge file sharing and email encryption - ContentPro AG	docraid.com	DocRAID is a secure platform for file sharing, document collaboration and email encryption with award winning cloud-RAID technology.
EarthCube	earthcube.xyz	EarthCube provides nanosatellite-based monitoring solutions of industrial assets and the environment.
eightyLEO Holding GmbH	eightyleo.com	eightyLEO is working on global broadband connectivity for IIoT applications and user.
